DFP PRIVACY NOTICE ON D	ATA COLLECTION	
The DFP CREATE program is funded by the Part of the reports CREATE programs are trainees, their participation in the progroprogram. Please see below the NSERC Proconcerns about this, please contact deferoncerns about this, please contact deferoncerns	e required to submit to NSERC in ram and the financial support the rivacy Notice regarding the data	iclude information on all DFP by have received from this
CREATE Program NSERC Privacy Notice		
This is to inform you that NSERC require personal information from trainees, tea individuals participating in the CREATE perstatistics that enables NSERC to report of that is needed will be requested. The personal information may also be share interviews on NSERC's behalf.	m members (co-applicants and corogram. The purpose of gathering the CREATE program's overall ersonal information that is collect will be shared with the CREATE	collaborators) and other ng this information is to generate performance. Only information ted, used and disclosed is in program committee. The
The Privacy Act gives individuals the right incorrect information. For more information, contact NSERC at	nation or to access your persona	
I confirm I have read the NSERC Priv	acy Notice, and I agree with shar	ing my information with NSERC
CHECKLIST FORM OVERVIE	W	

- → Students are responsible for sending an updated Requirement Checklist to dfp-admin@dfp.ubc.ca every year by the end of the second term.
- → Items that are identified as **Optional** are not a DFP Program requirement for your cohort.
- → Items in the "Additional Data Collection" section are not DFP program requirements. However, DFP is required to provide this information in our report to NSERC to obtain further funding to support the program. Therefore, we kindly request that you complete the section to the best of your ability.
- → The **following format should be used** to write the term number: Sep-Dec 2021 or Jan-Apr 2022.

- → Students are required to complete CPSC 544 (3 credits) and CPSC 554K (3 credits).
- \rightarrow Students exempted from CPSC 544 need to provide the approval as an attachment to this form.

Core I: CPSC 544 Fundamentals in Designing Interactive Computational Technology for People: Taken in Term: or
Core 2: CPSC 554K DFP Project: Taken in Term:

DFP ELECTIVES COURSES (5 credits) [Optional]

→ Students are required to take elective courses totalling 5 credits from the set of DFP-approved 1-3 credit courses in advanced research methods, prototyping, and advanced topics courses. An updated list of eligible courses is accessible on the <u>DFP Website</u>.
